PRESS COMMUNIQUÉ.

Fort St. George, September 16, 1933.

No 137.—The Government have reason to believe that there is a large number of firearms in the country for which licences have never been taken out and for which the owners owing to fear of prosecution or carelessness or other reasons are unwilling to apply for licences. As the weapons are unlicensed there is no control over them, no report of their loss is made to the authorities and no information is available as to their sale or disposal. In view of the grave danger of the spread of terrorist movements the Government consider it of paramount necessity to be in possession of accurate information about the possession, disposal and loss of all firearms. They, therefore, appeal to all holders of unlicensed weapons, Europeans and Indians, to report the fact in writing to the nearest Magistrate in the mufassal and to the Commissioner of Police in the City of Madras. This appeal is made on the understanding that—

(1) no prosecutions will be instituted on the basis of any such report made within two months of the publication of this communique;

(2) a hearing will be given if the licensing authorities concerned consider the person to be disqualified for a licence on the existing principles; and

(3) prosecutions will be launched against any and everyone found in possession of an unlicensed weapon except as provided in (1) above.

No. F. 10-IV-R.-I/33.—The following Resolution by the Secretary of State for India in Council is published for general information:—

In exercise of the powers conferred by sub-section (3) of section 96B of the Government of India Act, the Secretary of State, with the concurrence of a majority of votes at a meeting of the Council of India held this 30th day of May 1933, makes the following amendments in the Civil Service Regulations, namely:—

1. For the first sentence of Article 510 of the said Regulations, the following shall be substituted, namely:—

"When a person who was formerly in the civil or military employment of any Government in India obtains re-employment, whether temporarily or permanently, in Government service or in the service of a local fund, it shall be incumbent on him to declare to the appointing authority the amount of any gratuity, bonus or pension granted to him in respect of the previous employment."

2. For the note under Article 510 of the said Regulations, the following shall be substituted, namely:—

"The principle of this article applies in the case of continued employment on retirement from Government service. The amount of the pension to be declared is that sanctioned originally, i.e., it shall be inclusive of any amount that may have been commuted (vide Articles 224a and 624)."

3. In section I of Chapter XXI of the said Regulations, the following shall be inserted as Article 510a, namely:—

"Notwithstanding anything contained in the rules in this chapter, a award or other extraordinary pension sanctioned under Chapter XXXVIII of these Regulations and a wound or injury or disability pension or a disability addition to pension awarded under the military rules shall continue to be drawn by a retired Government servant, civil or military during re-employment as continued employment, and shall be subject only to the conditions of its award. The amount of such pension or addition to pension shall not be taken into account when fixing the pay during re-employment or continued employment.

"NOTE.—Where the military pension is consolidated and service and disability elements are not explicitly differentiated, the total pension may be split up in the following manner. The service portion of the pension will be represented by the service pension ordinarily admissible for the rank and the actual length of service rendered. In calculating the service element, an amount of eight annas and over shall be taken as a whole rupee, amounts of less than eight annas being ignored. The disability portion of the pension will be the balance."

4. From Article 224a of the said Regulations the words "before or" occurring after the word "pension" shall be deleted.

5. In section II of Chapter XXI of the said Regulations, the following shall be inserted as Article 524c, namely:—

"In the case of a pensioner a portion of whose pension has been commuted before re-employment, the original amount of the pension should be taken into consideration in fixing the total receipts during re-employment or continued employment and not merely the uncommuted pension."

6. For the first sentence of Article 525 of the said Regulations, the following shall be substituted, namely:—

"Except where it is otherwise expressly provided, the rules in section II of this chapter do not apply to a military officer, departmental officer, warrant or non-commissioned officer or soldier who is taken into or allowed to continue in civil employ after he has earned a pension under military rules."

7. For Article 526 (b) of the said Regulations, the following shall be substituted, namely:—

"When a person formerly in military service obtains employment in the civil department after having been granted a military pension, he shall continue to draw his military pension, but the authority competent to

NOTIFICATION.

For the information of the subscribers to the Cochin Government 5 per cent loan, 1943-53, it is hereby notified as follows :—

In paragraph (2) of the Prospectus for the eleven loan Government reserved to itself the option to close the issue without notice, as soon as the total face value of the loan subscribed for amounted to rupees fifty lakhs. Applications for allotments the aggregate of which was far in excess of this figure were immediately received. In order to minimise disappointment to subscribers and in view of the fact that the Completion of the Conversion of the State Railway from metre gauge to broad gauge and of the Cochin Harbour into a first class port will require a further sum of Rs. 75 lakhs the Government have decided to fix the amount of the loan at Rs. 75 lakhs. Subscriptions to this extent have been appropriated, and the unallotted balance has been returned to the respective subscribers.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Council of State on the 28th August 1933 :—

COUNCIL OF STATE BILL No. 3 OF 1933.

A Bill further to amend the Indian Arbitration Act, 1899, for a certain purpose.

IX of 1899. WHEREAS it is expedient further to amend the Indian Arbitration Act, 1899, for the purpose hereinafter appearing; It is hereby enacted as follows :—

Short title. 1. This Act may be called the Indian Arbitration (Amendment) Act, 1933.

Amendment of section 19, Act IX of 1899. IX of 1899. 2. In section 19 of the Indian Arbitration Act, 1899, for the words "the Court," where they first occur, the words "the judicial authority before which the proceedings are pending" shall be substituted, and for the said words where they occur for the second time, the words "such authority" shall be substituted.

III-1

STATEMENT OF OBJECTS AND REASONS.

Under section 19 of the Indian Arbitration Act, 1899, where any matter which falls within an agreement to arbitrate is the subject of legal proceedings, any party may apply to "the Court" to stay proceedings; and thereupon the Court may, after an enquiry, stay further proceedings, in order that the agreement to arbitrate may be enforced. The intention probably was that this power should be exercised by the Court before which the proceedings are pending, but the phrase "the Court" is defined in section 4 of the Act as meaning the High Court in Presidency towns and the District Court elsewhere. Hence a conflict of judicial rulings has arisen, which leaves it doubtful whether a Presidency Small Cause Court has the powers of "the Court" under section 19. The Bill is intended to make it clear that the Court referred to in section 19 is the Court before which the legal proceedings are pending.

SIMLA,
The 3rd August 1933. J. BARTLEY.

The following Bill was introduced in the Council of State on the 28th August 1933:—

COUNCIL OF STATE BILL No. 4 OF 1933.

A Bill further to amend the Cantonments (House Accommodation) Act, 1923, for a certain purpose.

WHEREAS it is expedient further to amend the Cantonments (House-Accommodation) Act, 1923, for the purpose hereinafter appearing; It is hereby enacted as follows:— VI of 1923.

Short title.

1. This Act may be called the Cantonments (House-Accommodation Amendment) Act, 1933.

Amendment of section 15, Act VI of 1923.

2. In sub-section (*1*) of section 15 of the Cantonments (House-Accommodation) Act, 1923 (hereinafter referred to as the said Act), the following proviso shall be added, namely:—

"Provided that where an appeal has been made to the Officer Commanding the District under section 30, the period of thirty days shall be reckoned from the date on which the owner received notice of the result of the appeal under sub-section (*3*) of section 32."

Amendment of section 16, Act VI of 1923.

3. In sub-section (*1*) of section 16 of the said Act, the following proviso shall be added, namely:—

"Provided that where an appeal has been made to the Officer Commanding the District under section 30, the period of thirty days shall be reckoned from the date on which the owner received notice of the result of the appeal under sub-section (*3*) of section 32."

Amendment of sec. 30, Act VI of 1923.

4. In section 30 of the said Act, for the words "twenty-one days" the words "ten days" shall be substituted.

Amendment of section 32, Act VI of 1923.

5. Section 32 of the said Act shall be numbered as sub-section (*1*) of section 32, and the following sub-section shall be added, namely:—

"(*2*) Notice of the result of the appeal shall be given to the appellant as soon as may be, and, where the appellant is a tenant of the house, to the owner of the house also."

STATEMENT OF OBJECTS AND REASONS.

Under sections 15 (*1*) and 16 (*1*) of the Cantonments (House-Accommodation) Act, 1923, the owner of a house has the right, within a period of thirty days from the service of a notice of appropriation, to make a reference to a Civil Court, if he considers the rent offered to him to be insufficient or the repairs demanded from him to be excessive. Under section 30 of the said Act, the owner or any tenant of a house in respect of which a notice of appropriation has been issued can appeal, within a period of twenty-one days from the date of the service of the notice, to the Officer Commanding the District against the appropriation itself.

2. If such an appeal is made to the Officer Commanding the District, the necessity for a reference to a Civil Court on the subject of rent and repairs does not arise until the result of the appeal is known. The amendments now suggested, which are in accordance with the wishes of the All India Cantonments Association, will slightly shorten the time allowed for the

appeal to the Officer Commanding the District, but will relate house-breakers of some unnecessary and the necessary expenses in making reference to the Civil Court to enlargement of the decision of the Officer Commanding the District on the appeal.

Simla,
The 7th July 1933.

Secretary to the Government of India.

V of 1898.

(2) An order under sub-section (1) may, in cases of emergency or in cases where the circumstances do not admit of the serving in due time of a notice upon the person against whom the order is directed, be passed ex parte.

(2) An offence under this section shall be an offence for which a police-officer may arrest without warrant.

STATEMENT OF OBJECTS AND REASONS.

Experience in recent years has shown that the ordinary law is not adequate to afford States in India the protection they may reasonably expect against activities which may be carried on in British India with the object of subverting, or exciting disaffection towards, or interfering with the administration of such States. The forthcoming constitutional changes, moreover, make it desirable that the authorities in British India should have power to protect units of the Federation from agitation directed against them from British India. Such agitation may involve (a) attacks in the press, (b) the organisation of activities directed against State authority, and (c) the organisation of movements for the entry into a State of bodies of persons from British India. It is considered that the administration of the

States which are under the suzerainty of the Crown should be given protection against such activities and the Bill has been prepared with that general object.

SIMLA, H. G. HAIG,
The 22nd August 1933.

The following Bill was introduced in the Legislative Assembly on the 29th August 1933 :—

I.A. BILL No. 39 OF 1933.

A Bill further to amend the Cotton Textile Industry (Protection) Act, 1930.

WHEREAS it is expedient to continue for a further period the protection already given to the cotton textile industry in British India, and for that purpose further to extend the operation of the duties imposed by the Cotton Textile Industry (Protection) Act, 1930; It is hereby enacted as follows :— XVII of 1930.

1. This Act may be called the Cotton Textile Industry Protection (Second Amendment) Act, 1933 Short title.

2. In sub-section (2) of section 2, and in sub-section (3) of section 3 of the Cotton Textile Industry (Protection) Act, 1930, for the word and figures "October, 1933" the word and figures "March, 1934" shall be substituted. XVII of 1930. Amendment of sections 2 and 3, Act XVII of 1930.

STATEMENT OF OBJECTS AND REASONS.

By the Cotton Textile Industry (Protection) Act, 1930, protective duties were imposed on cotton piece-goods for a period of three years in order to give the cotton mill industry in India temporary shelter against foreign competition. By the same Act the operation of the duty imposed by the Indian Tariff (Cotton Yarn Amendment) Act, 1927, was extended for a further period of three years on account of the unfair competition arising from the prevalence of inferior labour conditions in China. These duties were due to expire on the 31st March 1933, but were extended up to the 31st October 1933, by the Cotton Textile Industry Protection (Amendment) Act, 1933, pending formulation of the decision of the Government of India on the Tariff Board's Report regarding continued protection to the cotton mill industry.

2. As a result of the denunciation by India of the Anglo-Japanese Convention of 1904 in April last, the question of the conclusion of a new commercial agreement between India and Japan has arisen and representatives of the Government of Japan are shortly expected in India to initiate discussions with the Government of India in that matter. In view of these impending discussions, the Government of India are of opinion that they should not proceed to give legislative effect in the present session to their conclusions with regard to the Tariff Board's Report on the cotton textile industry since they may require radical alteration in the light of any agreement which may be eventually reached. The Bill accordingly proposes to continue the existing protection granted to the industry by the Cotton Textile Industry (Protection) Act, 1930, as subsequently amended, for a further period up to the 31st March 1934.
